In line with Grand Master Prof. Lin Yun's philosophy, our objective is to bring peace to our society one house and one person at a time. This same philosophy is applied whether working in homes, small businesses, corporations, schools, and with all who are seeking balance, harmony & success in their lives.

As senior students of His Holiness Professor Lin Yun, we are dedicated in sharing his teachings to interested parties. His teachings are comprehensive, philosophical, spiritual and practical. The BTB Feng Shui™ School incorporates the essence of Confucianism, Daoism, Yin-Yang philosophy, Buddhism, I-Ching, Theory of Qi, holistic healing, feng shui, and folkloric studies.

The BTB Feng Shui™ School recognizes there are different levels of interest in feng shui education. To that end, we have created various programs including the BTB Feng Shui™ Masters Training Program and the BTB Feng Shui™ Practitioners Training Program to meet the students needs to distinguish themselves as BTB Feng Shui™ consultants.

Professions that will benefit from these programs are Designers, Architects, Coaches, Consultants, Professional Organizers, Healers, Therapists, Real Estate Agents, Landscape Designers, Astrologers, Builders, Psychotherapists, Decorators, Health Practitioners, Artists, Teachers, Nurses, Acupuncturists, Chiropractors and others.

The BTB Feng Shui™ Practitioners Training Program

is designed so students can take the entire program at one time, in single modules of interest or in one day intensives. Completion of all twenty modules leads to a certificate of BTB Feng Shui Practitioner.

One Day Intensive Classes - are designed as an introduction to the world of feng shui and are a means of beginning the use of the principles of feng shui in daily life.

The Single Modules Program - is designed as single teachings in specific areas of feng shui or Chinese astrology. Class length varies with each subject. For example, the Feng Shui Health Series is four modules and is part of our BTB Feng Shui™ Practitioners Training Program. This series is a complete teaching in itself, but, is also part of the whole BTB Feng Shui Practitioner Training Program.

The Practitioner Training Program - is designed for those wishing to augment their existing career, to start a new career in feng shui, or for those wishing to enrich their personal knowledge of feng shui, Chinese astrology and Chinese philosophy. Upon completion of all twenty modules, students will be awarded a BTB Feng Shui™ Practitioners Certification. Classes meet twice a month for one day at a time.
